

Established in 2004, Hangzhou Chincan Trading Co., Ltd. is a foreign trading company authorized by Chinese State Department of Foreign Economy & Trade and General Administration of Chinese Customs.

Chincan's main business scope is lab instruments. Mainly cover: Laboratory equipments (instruments, glassware, plastic consumables), Educational apparatus, Medical equipments, Hospital equipments ,etc.

With combination of more than 50 mainstream manufacturers in China, we annually have provided thousands of products with good quality and competitive price to governments, hospitals, schools, universities, research institutions and factories.

Cooperative factories which qualified by Chincan come from many provinces and cities across China. All of them need to be ISO certified, Some products have CE.

As one part of Chincan Sales Group, each factory has technical support staffs available offering repair and maintenance of the products exported by Chincan. We promise that all of our products will be easily accessible to technical support and manufacturer's representatives who are always ready and able to assist when needed.

Our customers spread all over the world, most products are very popular in Asia Pacific, Africa, Europe and South America , such as microscopes, autoclaves, shakers, incubators, baths, pH meters, spectrophotometers, pure water systems, balances, pipettes, centrifuges, viscometers, hardness testers, biological safety cabinets, etc. We are doing our best to meet various needs of clients from different countries.

for all your
laboratory
needs

Chiancan has grown steadily thanks to our uncompromising commitment to quality products & services and the support of our customers. Our professional technicians and sale staffs are available to help you select the best products for your applications. We carry a large inventory and service everything we sell in addition to offer repair and maintenance by factory technicians.

*(Please email us for our latest products & price list.)

Chincan's goal is to make mutually beneficial connections between Chinese outstanding manufacturers and overseas partners. We also aim to make both sides of business enjoy interests which are brought by the increasing Chinese economic growth.
